PRUNUS PERSICA

FLOWERING PEACH TREES

We are pleased to offer to our customers some new varieties of Flowering Peaches, which were secured from other sections of the U.S.A., and they have been tested and found to be very promising to the Flowering Tree family.

DOUBLE FLOWERING PEACHES

Peppermint Flowering Peach. This is really a beauty. Two-tone in every respect. Moderately double, flowers white marked with red stripes.

Red Leaf Peach. This new fruiting and Flowering Peach has been a sales builder for catalog and mail order houses. Its merits include beautiful red foliage, as well as a good fruiting peach.

Double Red Flowering Peach. The old favorite in Flowering Peaches. It produces beautiful double red flowers.

Double White Flowering Peach. Another very fine Flowering Peach, with its double white flowers.

Native Evergreens

Inquiries for small, lining out evergreens are still coming in, so we list for your convenience a variety of seedling evergreens that our collectors can do a good job in collecting. These are nice baby seedlings and will be gathered only on damp days, when the weather is suitable for collecting. We suggest shipping evergreen seedlings via express. Our evergreen seedlings are all packed in damp moss.

ILEX OPACA, American Holly

A beautiful plant, with its glossy leaves and red berries. All plants will not have berries, must have special care if successful in transplanting them.

CORNUS, FLORIDA RUBRA —

America's favorite flowering tree

Here is one of our best selling items. It is just now going over in a big way to the retail trade. Get your order in at once before our supply is exhausted.

This beautiful tree is very popular and in the spring is covered with flowers of a deep rose color; good in a group or as a specimen—when planted near a white dogwood it is more showy. One of our best flowering trees.
